

融入·融通·融合

——安徽三联学院产教融合协同育人之路

引导部分地方普通本科高校向应用型转变，是新时代推动我国高等教育高质量发展的重大战略举措。建设地方高水平应用型大学，核心是培养高水平应用型人才，关键要有教育教学改革创新模式。产教融合是适应地方本科高校向应用型转变的典型模式，也是安徽三联学院的办学基因和长久坚持。作为安徽第一所民办高校，学校产教融合在集团产学研一体化战略指引下，初心如磐、笃行致远，主动对接集团内外合作资源，产教不断融入、融通与融合，形成了多主体协同育人的良性生态，显著地提升了应用型人才培养质量。

1997-2008年产教融入时期，安徽三联学院依托三联事故预防研究所等机构与集团内外单位开展科研、专业、师资、教材、企业订单班、实习就业等合作，形成了“科研引领，系所结合”的办学特色，得到教育部院校设置专家组及教育主管部门的肯定“学校初步构成了以企业资源为依托，产学研结合创优势的特色”。2008-2017年产教融通时期，围绕打造创新型“三个强省”等地方战略目标，学校主动面向地方战略新兴产业，加强交通安全等特色专业群建设，搭建协同创新与合作育人平台，构建一个目标、两个注重、二元共育、三种能力的“1223”应用型人才培养模式，完善集团内外单位参与的校-院-教研室“三级通道”保障机制，形成了“协同创新，合作育人”的良性局面，得到教育部本科教学工作合格评估专家组的一致好评“学校广泛开展多层次、多维度地的校企合作，增强了学生实践能力和就业竞争力”。2017年-至今是产教融合

时期，瞄准长三角一体化、安徽“三地一区”战略机遇，学校明确了“产教深度融合，打造共同体”的建设目标，在更高起点上开启产教深度融合新征程。扎实推进“四新”建设，不断深化学科专业内涵体系；持续做强做大合作平台，着重发挥平台育人耦合效应；有效践行“1223”产教融合协同育人模式，助力学生成长成才；全面优化“三级通道”机制，实现校内外资源整合共生。

九层之台，始于垒土。二十余年的产教融合改革实践，学校办学内涵与声誉显著提升。建有交通安全、智能控制、数字艺术和健康养老等四大特色学科专业群和27个省级专业；交通安全类教学科研团队先后获国家科技进步奖一等奖、二等奖，中国公路学会一等奖等国家级奖项，是我国民办高校零的突破；以“国家车辆驾驶安全工程技术研究中心”为代表的平台有力地支持了地方重大战略；近5年来，教师双能型占比40%，获省级以上竞赛30余项；主办“三联交通杯”等省级赛事，学生获国家级大创和学科竞赛奖700多项；学校产教融合办学成果多次被邀请推广，获“中国产学研促进奖”“品牌实力民办高校”，美国Science期刊2014年刊载了金会庆校长关于高等教育研究成果《中国民办高等教育》（第346卷6208期），并图文刊载《安徽三联学院“产学研”合作教育》（第346卷6216期）。中国教育报、安徽日报等多家媒体先后报道了安徽三联学院产教融合发展特色。

《中国教育报》头版！聚焦安徽三联学院！

编者按：2019年3月18日，习近平总书记主持召开学校思想政治理论课教师座谈会，并发表重要讲话。3年来，安徽三联学院认真贯彻落实习近平总书记重要讲话精神，持续深化思政课改革创新，大力加强思政课教师队伍建设，探寻提高思政课吸引力的根本路径，取得了突出成绩。近日，中国教育报推出“聚焦学校思政课理论教师座谈会召开三周年系列报道”，3月26日在其头版以《“充电赋能”让教师元气满满——安徽三联学院深入推进课程思政助力青年教师发展》为题，深度报道了安徽三联学院加强思政课教师队伍建设等各方面取得的成绩，全文如下：

“充电赋能”让教师元气满满——安徽三联学院深入推进课程思政助力青年教师发展

思政课教师中，85后占到60%以上，其中有近1/3在省级、国家级教学展示竞赛中获奖，更有

众多后起之秀相继出版思政课专著、教材10余部，主持安徽省高校思想政治能力提升计划、省社会发展创新课题等省厅级项目20余项。

这些青年教师正蓬勃生长于安徽一所民办本科院校——三联学院。该校以制度淬炼青年思政课教师专业发展、赋能马克思主义学院、深入推进课程思政等多种形式，镌写了民办高校深入推进思政课建设的“三联篇章”。

化短为长，让青年教师站稳思政讲台

青年教师多、教学经验缺乏、流动性大，是民办高校思政课建设的痛点，但在三联学院党委副书记鲁先长看来，这是短板，也是优势，“要最大限度利用优势，同时化短为长”。

在85后教师许笑笑的课堂上，“追星是否恰当，如何正确对待婚恋，寝室关系怎么维护……”切入学生内心的话题常成为“爆点”。

一方面深挖优势，另一方面针对青年教师驾驭课堂能力不足等问题，三联学院化“劣势”为“优势”。

该校专门制定思政课青年教师导师制度，每一名青年思政课教师都有一名教学经验丰富的老教师作为师傅，手把手带着上课、做科研、写课题。

如今已在马克思主义学院挑起教研主任一职，80后教师刘芳回想起2017年刚入职的模样，也感叹这两三年是“坐着火箭前进的”。

马克思主义学院教师李海洋 20 多年教学和科研经验的倾囊相授，让刘芳迅速成长。“一节课，我先上一遍，李老师指出问题，然后他上一遍，再来讨论不同之处；教案不知道怎么写，李老师把他的教案拿来，我先复刻，再创新，再讨论。”

以老带新，接替传承，一批批青年教师相继迸发活力、快速突破，其背后是该校明确的制度指引。2015 年，三联学院便规定，导师承担的指导工作将作为其评聘高一级专业技术职务的必要条件，并作为教授、副教授应履行的岗位职责之一，对青年教师导师制的落实程度也将作为对各教学单位年度考核的重要指标。

全员参与，思政元素融入课程建设内核

课程思政的框架中，如何将专业知识和思政元素紧密融合，避免出现“两张皮”问题？三联学院以马克思主义学院教师前期深度融合二级学院专业课程设计的方式“解了题”。

记者看到，在该校对二级学院的年度考核细则中，“80%以上课程需纳入课程思政框架”赫然在列，占比 3 分。

“必须完成，融盐于水”的制度导向下，该校交通与工程学院成立学院课程思政研究小组，“一把手”挂帅，全院教师参与，并由马克思主义学院教师作为指导，全程跟踪专业课程的思政设计。

加入思政元素的专业课不仅在“育人功效”上加了码，更重要的是让原本略显枯燥的专业课变得更加可听可感。

“碳达峰碳中和的中国作为、可持续发展理念，这些理论没想到能和我的专业课联系得如此紧密。”交通与工程学院院长凤鹏飞执教“载用工具检测与诊断”已有多年，在与马克思主义学院教师李海洋的频繁交流中，“老课程”融入了多种思政元素，得到了“新升华”。

与此同时，二级学院基层党组织书记纳入思政课兼课教师队伍，编排课表，与马克思主义学院教师集体备课，参与讲授形势与政策课，也成为融合的有力之举。

经济管理学院党委书记郭玉芳的“形势与政策”目前已成为学院的网红课程。在与马克思主义学院教师集体备课、共同教研的过程中，郭玉芳得到了不少新灵感。在刘芳的建议下，郭玉芳在“提防电信诈骗”中融入经管学院金融安全课程的相关知识，同时又把其放在“国家安全观”研究的框架下，一节高屋建瓴又与专业知识息息相关的“形势与政策”让学生们大呼过瘾。

全力支持，让思政课教师有平台有发展

“民办高校教师流动性大，来得快，去得也快。”鲁先长深知学校在思政课教师队伍建设上的痛点和难点，“但只要来了人，我们会尽力给平台、给发展、给成就，让思政课教师既充满内在能量，又赢得外界喝彩。”

年轻人来了，就给舞台让他们展示，在教学评比、职称评聘、先进个人评选中，均优先考虑。

虽为民办院校，三联学院却始终把马克思主义学院的建设排在各项发展事业的前列。事关马克思主义学院建设的问题，学校党委全程参与，全力解决。在职称评定、科研立项、队伍建设、经费投入等方面，优先支持马克思主义学院。在课程建设上，更是从校级层面统筹组织，全力排除阻力。

为了解决“形势与政策”教材不统一、教师资源不足等问题，学校党委一致推进学校基层党组织书记上讲台，统一备课、集体教研，丰富课程内容，深化课程思政。“此事若没有校党委的全力推进，不会进行得如此顺利。”马克思主义学院院长余晖说。

人随春好 春与人宜

萧索单调的冬季里，总是在盼望春天。盼望她的草长莺飞，丝绦拂堤；盼望她的千树琼花，碧波涟漪；盼望她的兰馨蕙草，润物如酥；盼望她的春色满园，落红如雨。春者，吾所爱也！我坐在微风拂过的走廊，静静地等待即将赴约的春天。轻盈的脚步声轻轻响起，她，终于来赴约了。

春，沁凉润透。“天街小雨润如酥，草色遥看近却无。”春姑娘在春雨中，撑着油纸伞，不紧不慢地走来。雨，在春天，总让人以为是江南的蝴蝶一般柔弱，一滴两滴慢慢地掉，每一滴雨都是孤独的，不过这就是春天。春雨，是她的象征。舍弃那干净的水泥路，踏在了雨后泥泞的草地，想起了一个词，踏青。门口的玉兰花开得很灿烂，那白色的一簇，犹如迎风的仙子，向我轻轻地笑着。邀三五好友，公园草地，野餐一番，与家人共乐，脑中的烦恼，烟消云散，看着眼前的场景，思绪随着春日里的微风飘向远方。

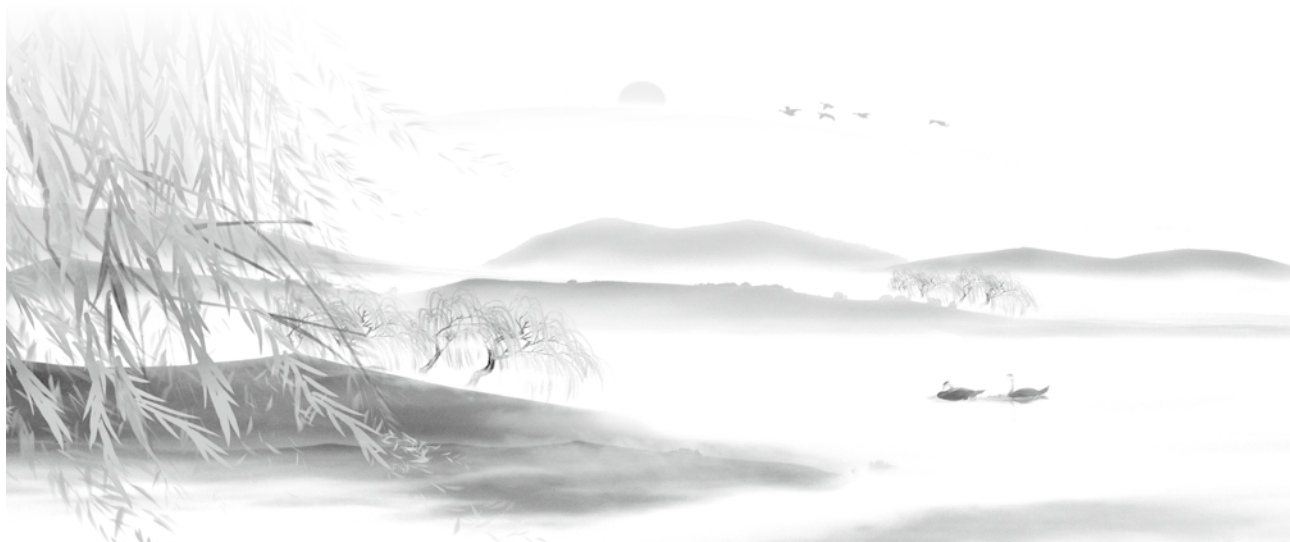

百花齐放，争奇斗艳，这便是春天独有的视觉盛宴。粉的桃花，白的梨花，紫的泡桐花都依次开

放，为春姑娘的礼服增添上绚丽的色彩：红灿灿的是太阳，湛蓝的是天空，嫩绿的是树梢，娇黄的是黄莺……春姑娘的礼服是世界一切美的融合，一切色彩的总汇。也难怪诗人爱吟咏春天，画家爱描绘春天。

春，暖人心脾。“沾衣欲湿杏花雨，吹面不寒杨柳风。”呼吸着春天的味道，重新激起人们在冬天被冰封的嗅觉。瞧，那株沙果树长花苞了。鲜红的花苞好像涂了胭脂那般红。凑近了去闻，是一股扑鼻的香味。花开之后，花瓣竟是那样的白！花的香味也变成了清香，尽管如此，还是引来一群群蜜蜂在花丛中飞舞，飘散着花粉的空气，似乎也随着蜜蜂的翅膀在轻轻颤动。

走在刚被春雨洗刷过的路面上，一阵阵湿润的轻风迎面吹来，清新的空气沁人心脾。面对大自然芬芳的泥土气息，我不由得做了个痛快的深呼吸，顿时浑身舒爽起来，多么沁人的春之气啊！

FRONT PAGE OF CHINA EDUCATION DAILY! FOCUS ON ANHUI SANLIAN UNIVERSITY!

Editor's note: On March 18, 2019, General Secretary Xi Jinping presided over a symposium for teachers of ideological and political theory courses in schools and delivered an important speech. Over the past three years, Anhui Sanlian College has conscientiously implemented the spirit of General Secretary Xi Jinping's important speech, continued to deepen the reform and innovation of ideological and political courses, vigorously strengthened the construction of ideological and political course teachers, and explored fundamental paths to improve the attractiveness of ideological and political courses, and achieved outstanding results. Recently, China Education News launched a series of reports focusing on the third anniversary of the symposium of teachers on ideological and political courses in schools. On March 26, on its front page, it featured "Charging and Empowerment" to make teachers full of energy – Anhui Sanlian College further promotes The title of "Course Ideological and Political Helps the Development of Young Teachers", an in-depth report on the achievements of Anhui Sanlian College in strengthening the construction of ideological and political teachers in the ideological and political courses. The full

text is as follows:

"Charging and empowering" makes teachers full of vitality – Anhui Sanlian College further promotes curriculum ideology and politics to help young teachers develop

Among the teachers of ideological and political courses, post-85s account for more than 60%, and nearly 1/3 of them have won awards in provincial and national teaching exhibition competitions, and many rising stars have published more than 10 monographs and textbooks on ideological and political courses, and presided over Anhui Province. There are more than 20 provincial and ministerial-level projects such as the ideological and political ability improvement plan for colleges and universities, and the provincial social science development innovation project.

These young teachers are flourishing in Sanlian College, a private undergraduate college in Anhui. The school has written a "triple chapter" for private colleges and universities to further promote the construction of ideological and political courses in various forms such as the system to refine the professional development of young ideological and political teachers, empower Marxist colleges, and further promote the ideological and political courses.

Turn short into long, let young teachers stand on the ideological and political platform

Many young teachers, lack of teaching experience, and high mobility are the pain points in the construction of ideological and political courses in private colleges and universities, but in the view of Lu Xianchang, deputy

secretary of the Party Committee of Sanlian College, this is a shortcoming and an advantage. Turn the short into the long at the same time.”

In the class of post-85 teacher Xu Xiaoxiao, "Is it appropriate to chase stars, how to deal with marriage and love correctly, how to maintain dormitory relationships..." Topics that cut into students' hearts often become "exploding points".

On the one hand, digging deep into the advantages, on the other hand, in response to problems such as the lack of young teachers' ability to control the classroom, Sanlian College has turned "disadvantages" into "advantages".

The school has specially formulated a mentor system for young teachers of ideological and political courses. Each young ideological and political teacher has an old teacher with rich teaching experience as a teacher, who will lead the class, do scientific research, and write projects by hand.

Now that he has taken up the post of director of teaching and research at the School of Marxism, Liu Fang, a teacher born in the 1980s, recalled how he had just joined in 2017, and lamented that in the past two or three years, he has "advanced on a rocket".

Li Haiyang, a teacher at the School of Marxism, has taught her more than 20 years of teaching and scientific research experience, allowing Liu Fang to grow rapidly. "In a class, I will go through it first, and Mr. Li will point out the problem, then he will go to it again, and then discuss the differences; I don't know how to write the lesson plan, so Mr. Li will bring his lesson plan, I will reproduce it first, then innovate, and then discuss."

With the old and the new, taking over the inheritance, batches of young teachers have burst into vitality and made rapid breakthroughs. Behind this is the school's clear institutional guidelines. In 2015, Sanlian College stipulated

that the guidance work undertaken by tutors will be a necessary condition for its evaluation and appointment of higher-level professional and technical positions, and as one of the job responsibilities that professors and associate professors should perform, the degree of implementation of the mentoring system for young teachers is also important. It will be used as an important indicator for the annual assessment of each teaching unit.

Full participation, ideological and political elements are integrated into the core of curriculum construction

In the ideological and political framework of the curriculum, how to closely integrate professional knowledge and ideological and political elements to avoid the problem of "two skins"? Sanlian College "solved the problem" in the way that the teachers of the Marxist College deeply integrated the professional curriculum design of the secondary college in the early stage.

The reporter saw that in the school's annual assessment rules for secondary colleges, "more than 80% of the courses need to be included in the curriculum ideological and political framework" is listed, accounting for 3 points.

Under the guidance of the system of "being completed, melt salt into water", the School of Transportation and Engineering of the school established a college curriculum ideological and political research group, with the "top leader" in command, the participation of teachers from the whole school, and the guidance of teachers from the School of Marxism to track majors throughout the process. The ideological and political design of the curriculum.

Professional courses with ideological and political elements not only added a code to the "education effect", but more importantly, made the originally boring professional courses more audible and perceptible.

"China's approach to carbon neutrality and the

concept of sustainable development, these theories have never been expected to be so closely related to my professional courses." Feng Pengfei, dean of the School of Transportation and Engineering, has taught "vehicle detection and diagnosis". Over the years, in the frequent exchanges with Li Haiyang, a teacher at the School of Marxism, the "old curriculum" has incorporated a variety of ideological and political elements and has been "newly elevated".

At the same time, the secretary of the grass-roots party organization in the second-level college is included in the ideological and political course and the teacher team, arranging the class schedule, preparing lessons collectively with the teachers of the Marxist college, and participating in the teaching of the situation and policy class, which has also become a powerful move for integration.

Guo Yufang, Secretary of the Party Committee of the School of Economics and Management's "Situation and Policy" has now become the school's Internet celebrity course. In the process of collective lesson preparation and joint teaching and research with teachers from the School of Marxism, Guo Yufang gained a lot of new inspiration. Under Liu Fang's suggestion, Guo Yufang integrated the relevant knowledge of the financial security course of the School of Economics and Management into the "Beware of Telecommunications Fraud", and at the same time put it under the framework of the "National Security Concept" research. "Situation and Policy" had students hooked.

With full support, so that teachers of ideological and political courses have a platform and development

"Teachers in private colleges and universities are highly mobile, and they come and go quickly." Xianchang

Lu knew well the pain points and difficulties in the construction of ideological and political teachers in schools, "but as long as there are people here, we will try our best to provide the platform and help Development and achievement, so that ideological and political teachers are not only full of internal energy, but also won the praise of the outside world."

When young people come, let them show on the stage, and they will be given priority in teaching evaluation, professional title evaluation, and advanced individual selection.

Although it is a private college, Sanlian College has always placed the construction of Marxist colleges in the forefront of various development undertakings. Issues related to the construction of Marxist colleges, the school party committee participates in the whole process and solves them with all their strength. In terms of professional title evaluation, scientific research project establishment, team building, and funding investment, priority is given to supporting the School of Marxism. In terms of curriculum construction, it is even more coordinated at the school level to eliminate resistance.

In order to solve the problems of inconsistent "situation and policy" teaching materials and insufficient teacher resources, the school party committee unanimously promoted the secretary of the school's grass-roots party organization to take the stage, unified lesson preparation, collective teaching and research, enriched curriculum content, and deepened curriculum ideology and politics. "Without the full push of the school's party committee, this matter would not have gone so smoothly," said Yu Hui, dean of the School of Marxism.
